Step-2: Follow the instruction to **submit the full paper in the acceptance mail**.

Submit Your Abstract Through

WEB OF SCIENCE™

This AISC 2022 conference will provide an excellent international forum for sharing knowledge and results in the theory and applications of Machine Learning, Deep Learning, Computer Networks, the Internet of Things, and Security. Original papers are invited on Networks, the Internet of Things, and security. The AISC 2022 conference session aims to provide a platform for researchers and will provide an excellent international forum for sharing knowledge and results in the theory and applications of Machine Learning and Applications practitioners from academia and industry to meet and share cutting-edge development in the field.

Aim and Scope

The Conference would provide an international forum for the presentation and discussion of the Latest trends & technologies in the field of Computer Science and Information Technology. The aim of this special session is to provide a common platform where researchers and academicians can present and discuss the recent innovations, trends, and practical challenges faced in the area of Information Security, Data Science, Cloud, Image Processing, and Information Technology.

The special session will not only take stock of trends and developments in the globally competitive environment but will also provide future directions to young researchers and practitioners. The special session would be of immense benefit to Researchers, Academicians, Industry experts, and participants from Technical Institutes, R & D Organizations, and students working in the field of converging technology and its applications. Therefore, the topics of interest include, but are not limited to the following:

Topics of interest include, but are not limited to, the following

- Information Security
- Big Data and Deep Data analytics
- Data Science
- Soft computing techniques
- Image Processing
- Data Visualization and Information Retrieval
- Communication technologies
- Data mining
- IoT-based Expert Applications
- Computational Intelligence & Intelligent Surveillance;
- Information and Factors in Application Security
- Security Issues and Threats in Expert Applications
- Cyber Security Protection & Threat Defense

Important Dates / Deadlines / FEES (\$ USD) *

- Submission of **Abstracts** : **August 31, 2022**
- Submission of **Full Paper** : **September 30, 2022**
- Notification of **Acceptance** : **October 15, 2022**
- Early Bird Registration** : **Oct 16 – Nov 08 , 2022**
- Oral presentation** of selected works : **November 25-26, 2022**
- Submission of **Final paper** : **December 20, 2022**
